**Description:**

Renovated apartment on the second floor of the old building where a new facade was made in 2019. The location is great. The apartment is located just 2 minutes walk from the city center and the location is still isolated from the hustle and noise. The apartment is close to all amenities needed for life. It was fully equipped last year and as such is for sale. The apartment has a custom kitchen with all appliances and three inverter air conditioners (one in each room) and 7 Velux skylights. The apartment consists of a large living room with a dining table, a smaller pantry, a kitchen, a bathroom and two spacious bedrooms. The apartment is much larger in size than the stated 79 m<sup>2</sup>, but due to the lower height in some parts of the apartment the area is calculated with a coefficient. Regarding the location, equipment and structure, the apartment is ideal for renting both tourist and long term.
